

This is a BIG, GIGANTIC shout out to all of our amazing home learners in Nursery – you have really knocked our socks off and we can see the progress you are making! Well done!

### BUT....

Us Nursery staff have also been truly blown away by those amazing grown-ups of yours who have become your teachers for the last 3 weeks.

Home schooling is not easy, especially for any of you that are still going out to work, working from home, have younger children to care for or have more than one pupil to teach!! You are doing an amazing job and your children are clearly benefitting from your teaching!!

Your singing, dancing, role-playing, experimenting and all round enthusiasm has made us all smile from ear to ear and we just had to tell you how brilliant you are! No matter how much you get done in a day, you are making a difference so keep doing what you are doing and know that your children's happiness and safety is what matters most at this worrying time!

With lots of love to you all, The Nursery

Team

Stay Safe!!
