

Google Meet

This half term, the Year 4 Team are planning to deliver **live sessions** each week for English and Maths. These sessions will form part of your child's essential learning and will provide them with the opportunity to engage with their teacher, interact with their peers and allow their teacher to address any misconceptions the children may have in their learning. All learning-taking place during these sessions will be supported with activities in their GPC books, which you should have collected from school. If you are still yet to collect these are available from the main office. We hope this will also take the pressure off you as parents.

The sessions will take place at the same time each week and a member of the team will contact you by phone if your child does not attend the session. Please familiarise yourself with the timetable below and check which group your child will be working in.
